Shelter

Too many thoughts in a minute
Falling hard; met your limit
Feeling tired of the world around you
Waves are growing; you feel you're drowning, now
But I reach in to pull you out

The storm is heavy, feeling broken down and losing touch
My door is open, give you shelter when it gets too much
Be your shelter
Be your shelter

Come on now, come on over
I will give you my shoulder; to cry on
Always here and i'm always waiting
If you feel you are suffocating, now
I'll be there you don't have to doubt

The storm is heavy, feeling broken down and losing touch
My door is open, give you shelter when it gets too much
Be your shelter
Be your shelter

Shelter when it's hard to find and life isn't easy
Sometimes I find myself in the dark, oh believe me
I've been where you're coming from, so don't ever feel alone
I'm here to hold you, you're worthy of love
So when

The storm is heavy, feeling broken down and losing touch
My door is open, give you shelter when it gets too much
Be your shelter
Be your shelter
